

# SUPERSTITION MEADERY

## APHRODISIA

13% - 19% | 750 ML.

Each year we release multiple batches of Aphrodisia which are always made with California red wine grape varieties and Arizona honey. Each variant of Aphrodisia is blended with meticulously curated barrels that previously aged complementary meads. Collectively, since 2012, Aphrodisia batches have been the most recognized series in the Superstition portfolio, including multiple batches ranking as top 50 fruit meads in the world on Ratebeer.com, top 50 pyments in the world on Untappd, a silver medal at Chicago's Festival of Barrel Aged Beers, and bronze, silver and gold medals at the Mazer Cup.
