

SUPERSTITION MEADERY

BARREL AGED CHOCOLATE STRAWBERRY SUNRISE

15% | 375 ML.

An eminent chocolate strawberry vanilla Superstition classic was just released after 13 months of aging in a Wilderness Trail bourbon barrel. For this batch we sourced a very rare and special Colombian cacao nib which is serving to help transform a small rural community via an economic peace initiative by planting shaded cacao trees in the place of coca plants. The result is not only a positive force for change, but one of the most fantastic meads ever created.
