

# SUPERSTITION MEADERY

## SUPER BEE 12% | 750 ML.

Super Bee is our homage to a legendary style of traditional mead known in Poland as Trojniak. With a ratio of 1/3 of the volume being honey, this is one big sweet mead lover's mead made possible by the hard work of Arizona apiarists and their super bees. This unique batch is sourced from the blending of honeys spanning our state, representing a range of botanical nectars for the ultimate showcase of local terroir.
